About

EVOLVE Staged offers services to a wide variety of businesses, with many of our clients being from the photography and film production industries, who require short-term staging. We love the challenge of working with a wide variety of briefs and spaces, from indoor rooms to outdoor spaces, through to theatre stages and film production sets. We have staged numerous spaces with an assortment of requirements and would love the opportunity to work with you to ensure your vision is achieved.

WHY EVOLVE STAGED

We know what it takes to meet design briefs and deadlines to ensure your project stays on track. At EVOLVE Staged, we only hire qualified and experienced Interior Designers/Stylists to complete our staging. They style spaces by leveraging our vast array of inventory centrally located at our warehouse in Botany, NSW. We can also supply custom design and built items such as backdrops, props, art and furnishings, along with procurement of items such as fresh produce, potted plants and flowers.
